

Zeta LED Subway Cornice

zeta
Specialist Lighting

Zeta Specialist Lighting is a leading supplier of bespoke LED solutions for Subway Lighting.

Contained in an IP65 and IK10++ rated housing, the Zeta LED Subway Cornice is a complete subway lighting unit that incorporates Zeta's unique LED Blade Arrays and the highly efficient Philips Xitanium Driver.

Using the latest Chip on Board (COB) technology the blade arrays provide an ideal, long-life LED solution. The high-quality components offer an efficient lumen level and a high power factor.

Available in various length and angle options, Zeta's solution is simple to install, has an aesthetically pleasing design and provides optimal performance and energy savings.

Standard

Slim

Ski Slope

60/30°

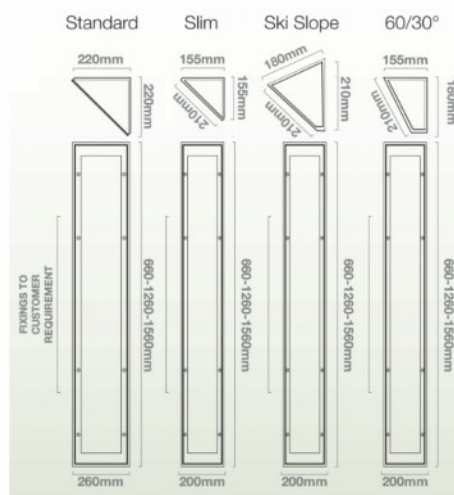

Features:

- Linear LED blade arrays
- Efficient lumen levels
