

Zeta LED Blade Arrays

zeta
Specialist Lighting

Zeta Specialist Lighting's Blade Array range is designed to allow LED replacement for fluorescent and high powered traditional lighting.

The blades are available in a variety of sizes to suit many applications including commercial and educational environments, office spaces, retail and many more.

Using the latest Chip on Board (COB) technology the blade arrays offer highly efficient lumen levels and high power factor providing an ideal, long-life LED solution.

Features:

- Low power consumption
- Variety of sizes
- Lightweight
- Long life
- Carbon saving
- Energy and cost saving

Applications:

Interior and Exterior:

- Commercial environments
- Educational establishments
- Signage
- Office spaces
- Retail
- Subways
- Hospitals
