

Zeta Lighting Arm - Mains

zeta
Specialist Lighting

The Zeta LED Mains Powered Lighting Arm has an aesthetically pleasing design, built to illuminate 600mm road signage and can be retrofitted to existing road sign posts.

The Lighting Arm sits above the signage, providing illumination levels of 40cd per m². The solution can be combined with a photocell or various high quality nodes such as; Philips, Telensa, Mayflower or Harvard, so that it switches on and off automatically.

Zeta's specialist lensing case ensures optimum light spread onto any signage. The lens is assembled and filled with nitrogen, in order to eliminate moisture and condensation.

Features:

- Specialist lensing case
- Easy to install
- Low voltage
- Photocell & node compatible
- Long life
- Double arm option
- Energy and cost saving

Applications:

- Exterior
- 600mm road signage lighting

Specifications

	Single Arm	Double Arm
Dimensions (mm)	330 x 80 (max width)	
Wattage (W)	2.1W	4.2W
Colour Rendering Index (CRI)	>73	
Colour Temperature (CCT)	5268K	
Power Factor	0.85	
Warranty	3 Years*	
IP Rating	IP67	
Beam Angle	120°	
Average Rated Life	39,500 hrs	
Ambient Temperature Range (°C)	-20 to +50°C	
Input Voltage (V)	220-240V	

*Standard warranty period is 3 years, once registered the warranty increases by a further 2 years.
